March 24, 2004

2005 Implementation Guide available for review

A draft of the new Implementation Guide for Fiscal Year 2005 is available on-line at http://mhmr.chs.ky.gov/CMHC/cmhc_data_guide.asp. If you have any questions or comments, please contact Dennis Moore (Dennis.Moore@RDMC.org)

New reports

Some new reports are available on the "Regional Reports & Upload" link on the Department web site (<https://www.rdmc.org/cmhc/users/login.asp>). The new reports are Clients Served per 1000 Population compared to the state average (for total clients, MH, MR, and SA) and Average Events per Client compared to the state average.

Newly invalid CPT codes

Several CPT codes that have been accepted as valid are no longer valid. These codes will now cause a Possible Error; starting with July 2004 data, these codes will cause a General Error.

| Old Code | Description | Replaced by |
|----------|-----------------------------|-------------------------|
| 90820 | Diagnostic interview | 90802 |
| 90825 | Evaluation of tests records | 90885 |
| 90830 | Psychological testing | 96100 |
| 90835 | Special interview | 90865 |
| 90841 | Psychotherapy | - |
| 90842 | Psychotherapy, 75-80 min | 90808/90809/90821/90822 |
| 90843 | Psychotherapy, 20-30 min | 90804/90805/90816/90817 |
| 90844 | Psychotherapy, 45-50 min | 90806/90807/90818/90819 |

| 99352 | Home visit, estab patient | - |
| 99353 | Home vi sit, estab patient | - |

Data Submission updates

- When a new Provider is added, “Outcomes” and “Director” information is no longer required.
- Beginning with FY2006, a field for State Guardianship will be added to the Client Data Set.

Request for information

Tammy Nalle (tanalle@bluegrass.org) at Bluegrass is asking all centers to send her a list of the ICD-9 codes they use in the Axis III diagnosis fields so that she can compile a list of acceptable Axis III diagnoses. Currently, acceptable Axis I and Axis II diagnoses are available in Appendix F in the “Reports” drop-down box on the Implementation Guide web page (http://mhmr.chs.ky.gov/CMHC/cmhc_data_guide.asp).
